A. Overview of Information Collection

Title of Information Collection: Manufactured Home Construction and Safety Standards Act Reporting Requirements.

OMB Approval Number: 2502-0253.

Type of Request: Extension of currently approved collection.

Form Number: None.

Description of the need for the information and proposed use: The Federal Standards and Procedural Regulations require manufactured home producers to place labels and notices in and on manufactured homes and mandate State and Private agencies participating in the Federal program to issue reports. These Standards will protect the HUD's interests by requiring certain features of design and construction. In addition, some information collected assists both HUD and State Agency's in locating manufactured homes with defects, which then would create the need for notification and/or correction by the manufacturer.

Estimated Number of Respondents: 165.

Estimated Number of Responses: 59,304.

Frequency of Response: Monthly.

Average Hours per Response: 5.
